#### DETAILS COMING

The Pac-12 just released the football schedule but not the official date of Homecoming. Best guess is November 6th against CAL or November 13 vs. Utah. We will send an email notice as soon as the date is finalized.

## CAREER SPEAKER SERIES

Dan Devone ('85) recently spoke on a career panel on careers in sports.

While the coronavirus pandemic has affected each and every one of us in many ways, our dear old fraternity has been no exception. The spring semester was forced online halfway through, and this fall has been entirely online from an academic and social perspective.

We have adapted to the ever-changing climate on the University of Arizona campus. No longer are chapters held in person every week; rather, we have "Zoom Chapter" on Monday's at 7

P.M. Socials and philanthropic events are limited at best and nonexistent at worst. Small groups of members may play poker or 18-holes (socially distanced) on the weekend, but congregation in large groups is strictly forbidden.

AZ Beta has made the most of this pandemic's constrictions. Members have continued to excel in the classroom, and our Fall Sigma Class has really started to feel the culture of our fraternity. Friendships and bonds are still being formed in a genuine, but unorthodox, way. Times may be unusual, but the response by members has made me overwhelmingly proud.

on being named Homecoming King this past October. During his time at the University of Arizona, Aaron has been involved in several organizations starting with SigEp where he served as the VP of Finance and the Sustainability Chair. Later on, Aaron joined Alpha Kappa Psi Business Fraternity and Wall Street Scholars, started a new investing and consulting club on campus called Tamid, and served on the UA Green Fund to help promote environmental sustainability initiatives on campus. For Aaron, it has been a great honor to represent SigEp as the Homecoming King as AZ Beta has been the foundation of his college career and where all of his involvements and interests began. "I am very thankful for the valuable mentors and relationships from SigEp that guided my journey throughout college."

Congratulations Aaron!

## ΣΦE PRESIDENT'S REPORT

#### SAMMY CIBULKA '23

My name is Sammy Cibulka and I am the President of Sigma Phi Epsilon, Arizona Beta Chapter. I am a current sophomore majoring in broadcast journalism and minoring in sports management. I was born and raised in Phoenix, Arizona and attended high school at Brophy College Preparatory where I was student body president, played basketball, football, and volleyball. Here at the U of A I am the head sports director at our television program, UATV3. Being the president of one of the largest Sig Ep chapters in the country really means

a lot to me. It is a special feeling that the chapter trusts me, and I take this position and duty with great pride in holding my brothers accountable and ensuring the best for this chapter. I am blessed to have an Executive Board as good as the one that I have, and we plan on furthering the three Cardinal Principles of Virtue, Diligence, and Brotherly Love in our lives and the lives of our own members. I joined this fraternity intending to have an impact and build relationships to last a lifetime, and what better place to do both than Sigma Phi Epsilon. I believe the experiences I have been through in my life will guide and help me in this journey and will put me in the position to lead this fraternity with joy. I have always viewed myself as a leader and a hard worker, and both of these attributes will be on display during my time here. I am incredibly excited to be president, and even more excited to be a Sig Ep.

# Academic Prowess!

The Arizona Beta chapter is proud to announce that for the 12th semester in a row, the brothers have retained the top chapter grade point average across all Interfraternity Council chapters, receiving a 3.451 chapter GPA, and a 3.458 new member GPA. The chapter's academic excellence has led to AZ Beta being awarded the highest chapter GPA each semester since the spring of 2015! The chapter has put many programs in place to ensure that all members of AZ Beta excel in the classroom. Despite COVID-19 throwing traditional education methods out the window and on campus activities being held to a minimum, the brothers of AZ Beta continue to step up to the plate and rise to the top. The academic culture that has been built within the brotherhood of the chapter persists and is a great indicator of the future of the chapter and the future of these young men!

## **SUPPORT MAKE A** AZ BETA DIFFERENCE

There is no better time than now to support AZ Beta! Our chapter, like all fraternities, is as strong as the commitment of our undergraduate members focus on success, and our alumni and parent's commitment to sharing some of their time and treasurer with the Chapter.

#### THANK YOU TO OUR ARIZONA BETA 2020 Donors

The 15 alumni below helped us provide some scholarship funds to undergraduate members. Please help us grow this list to at least 100 donors in 2021. This will enable us to award more scholarships, send members to Sig Ep Leadership Conferences, and provide some educational programming in the areas of academics, career and leadership.
